Major Organization Refresher Seminar	10:30 AM – 12:00 PM

Dear NYSSMA Adjudicators,

Last year, approximately 100,000 New York State students participated in NYSSMA-sponsored adjudication festivals. This would not have been possible without the hundreds of NYSSMA Adjudicators who dedicate their time, expertise and talent. On behalf of our entire association, thank you for your commitment to the music students of New York State.

One of the keys to the success of the process is our Refresher Seminar Program. These seminars provide an opportunity for adjudicators to discuss grading criteria, clarify questions of policy and procedure, and, through the use of recorded performances, establish consistency from adjudicator to adjudicator. They are recommended every five years. The adjudicators who have attended these seminars have found them to be helpful and informative.
